January 18, 2012

Dear Montclair Parent,

The Montclair Police Athletic League understands that many Montclair students continue to struggle academically. Therefore, MPAL is offering homework help and tutoring aimed at building and strengthening reading and math skills.

The Police Athletic League's - Pupil Empowerment Program (PAL-PEP) hopes to provide valuable language arts, reading, and math assistance to students who would benefit from additional academic support. The program is open to students in grades 1st through 8th. Enrollment is limited and offered on a first come-first served basis.

Each week students will have an opportunity to positively engage with a Montclair Police patrol officer, in keeping with the MPAL mission, “to promote trust, understanding and respect between youth and the police officers”. PAL-PEP will also connect with your child’s teacher to offer assistance with homework, support if necessary. Scheduled days are Monday & Tuesday 3:30pm – 5:30pm @ Glenfield Middle school.

Please send or bring a completed enrollment form to Charles H. Bullock School attention ~ Mrs. Lynne Williams.

Students cannot attend a homework assistance session before receipt of an enrollment form. Please check our website montclairpal.org for additional information, enrollment forms and updates.

Thank you,

Lynne L. Williams
President
