

Summer Reading Club Kickoff

BUILD A BETTER WORLD™

Building Tall Ships & Pirate Tales with Sciencetellers!

The Summer Reading Club is here! This year's theme is "Build a Better World" and Montclair Public Library kicks off its summer events with the glorious insanity of Sciencetellers and their Pirate Tales: Ahoy! People don't just build on land. They build on water, too! Set sail with us on a thrilling action-packed adventure about a crew of quirky pirates stranded on an island. With mutiny and high-tide looming, they must rescue their salty captain and find a way to construct a ship before all hope is lost...at sea! Planks, sails, rigging, rails... what else could building a pirate ship possibly take?! Throughout the story, volunteers from the audience will help us explore the incredible science behind clouds, combustion, air pressure, explosions and more. Don't miss this refreshing nautical tale with a twist!
