## Overview of ASE Program

Bradford's ASE program offers a wide range of classes, including classes in STEM, visual arts, sports, and performing arts, in order to enable students to expand their learning and explore new disciplines.

ASE courses are taught by dedicated, experienced teachers from Bradford and other Montclair schools, as well as from parents and other professionals in the community.

ASE is a great way for students to gain new knowledge and skills and to develop new friendships while exploring their interests and discovering some new ones.

Class fees are calculated to cover the costs of instructors and materials as well as salaries for Bradford school aides who provide daily support for the program. In addition, ASE is run as a fundraiser for the PTA with proceeds going to fund ASE scholarships as well as other PTA programs.

**Registration is online.** Details below and on the PTA website – registration link as follows: <https://bradfordasespring2021.cheddarup.com>
