

Restorative Justice Edgemont Elementary School

RJ circle this week!

In this circle we are learning about Growth Mindset. Students in K and 1 are remembering what it was like to be a baby before you could talk. How does the brain become smarter? Then with practice and time, they can all talk! Grades 2-5 are starting with a Growth Mindset survey and learning more about the neurons and pathways formed when we learn something new. What is your mindset? Try the survey [here](#)?

Mindfulness- Tension/stress awareness. 3 breaths, feel you feet

Team Building Game: Silent ball, ball elbow pass

Check in questions of the week: How are you feeling? If you had \$100 what would you do?

Activity/Discussion: Can you get smarter? The mindset of a student is directly linked to outcomes.

EDGEMONT STARTS TO COMPOST ON EARTH DAY!

[Here is a link to an article I told the 2-5 graders about.](#)

Stay tuned to learn how you can help us create a greener Edgemont.

[Here is the slide show from our assembly with Java Compost.](#)

BREATH

SUPPORT

Restorative Justice (RJ) is an indigenous philosophy that emphasizes building relationships. If there is a need to repair harm caused by conflict and wrongdoing, restorative justice provides an opportunity for everyone impacted by an incident to come together in a safe space to address their feelings and needs, and reach a resolution that heals and restores relationships.
