# Spring 2022 Hillside Explorers Class Descriptions

## Monday Classes:

**Stay Creatives-Fashion:** The goal of STAY CREATIVES is not only to teach students about Fashion Design & Fashion Styling but it is also about establishing a business. Who says you have to wait until you graduate from high school to start a fashion business. I will invite Fashion and SBA professionals with years of experience to educate the club members as well. Taught by Hillside's own Stacey Williams (6 min, 14 max)

**Enjoy Pottery Everywhere:** This class is designed for aspiring artists of all levels who share an interest in learning to work with clay. Artists will explore with different types of clay various techniques such as pinch pot, coil pot, slab building and more, to develop creative pieces. This is an imaginative, hands on class that allows students of all ages to enjoy pottery everywhere. Artists of all levels are welcome. Taught by local artist, Kanae Yunome.  
(Min 8, Max 12)

**Soccer:** Kids will learn different skill sets through mini-games, including passing, shooting, give-and-gos, etc and help get them get more comfortable using their non-dominant foot for those skill sets. Taught by Hillside's own, Mr. Solomon  
(Min 6, Max 12)

**Show Cookies and Cupcakes –** Each class we choose the awesome kid show then the chefs have a blast decorating 2 large cookies each or 2 cupcakes each week to look like the characters from a fun kid tv show or movie using fondant, gum paste & other sweet treats! They will also make a drink or light snack in class too. Sponge Bob; Wizard of Oz; Toy Story; Monsters U; Frozen and some other great ones too!! A light snack & drink will be provided in this class so they can take the cupcakes or cookies home to show. Taught by CHEF IT UP 2 GO  
(Min 12, Max 20)

## Tuesday Classes:

**Basketball:** The class teaches basics and fundamentals and progresses through to more advanced skills like dribbling, passing, defense, shooting, and more. Taught by YWBallers  
(6 min, 20 max)

**Beginner Crochet:** Students will learn the fundamentals of crochet, including basic stitches and how to work with a hook, in order to create a project to take home. Taught by Hillside's own, Zorina D'Emilio  
(Min 6, Max 12)

**Lego Robotics:** Are you good at building with Lego's? Are you fascinated by Robots? Then this course is perfect for you! In this ALL NEW Robotics course, you will build robots to solve everyday problems. Can you build a mechanical arm to move an object from one place to another? Can you build a robot that can ride a motorbike? Once built, you will learn to code the robots to do what you tell them to. Nothing could be cooler than watching a robot that you built follow code that you programmed! Taught by Hobby Quest  
(Min 8, Max 16)

**American Sign Language:** In this beginner's sign language class, students will learn the alphabet, colors, numbers, months, seasons, weather, common phrases, and the ability to have a small conversation. Taught by Hillside's own, Anastacia Duffy (Masters in Teacher of the Deaf)  
(Min 6, Max 10)

**Double Dutch Jump Kids Double Dutch** is a physical fitness program that uses jump ropes to fight childhood obesity and promote life skills such as team building, sportsmanship and leadership. The students will be taught basic to intermediate double dutch techniques starting with a "bunny hop" and turning the rope. They will then graduate to more difficult moves, learning a trick of the day. Students will also learn how to work together by turning and jumping for themselves. Taught by Laila Little-Omosawe CEO Jump Kids

(Min 6, Max 12)

### Wednesday Classes:

**Masterpiece Artist (4th and 5th grade only):** For both the CI artist and intermediate artist excited to learn new rendering techniques and mediums from acrylics on canvas, to watercolor and oil pastels. Students will also learn to draw with both 2-d and 3-d. This class will help students create suitable pieces and prepare for portfolio requirements of Glenfield's CI program as well as help intermediate artists to advance. THIS CLASS IS INTENDED FOR 4<sup>TH</sup> AND 5<sup>TH</sup> GRADERS ONLY. Taught by artist, teacher and former Hillside parent Holly Korus Jenkins. (Min 6, Max 8)

**Basketball:** The class teaches basics and fundamentals and progresses through to more advanced skills like dribbling, passing, defense, shooting, and more. Taught by YWBallers  
(6 min, 20 max)

**Basic Sewing:** Students will learn basic hand sewing techniques, stitch patterns, and create projects to take home. Taught by Hillside's own, Zorina D'Emilio  
(Min 6, Max 12)

**"BATTLE OF THE WEEK!"** Each class we will be a different themed battle such as cupcake battle; homemade dough battle, food science battle, board game battles, & more... then under the careful supervision and enthusiasm of the CHEF IT UP 2 GO team, we will break the kids into different teams and explain the rules for that battle. To add to the suspense we keep the ingredients a secret until they are ready to battle it out! They will have a certain time frame to brainstorm & complete their battle with their teammates to prepare their creations it will be blast! We might take away a much needed utensil or add extra ingredients... you never know what could happen with a CHEF IT UP 2 GO Battle!  
(Min 12, Max 20)

### Friday Classes:

**Chess:** Win, lose, or draw, chess is about good sportsmanship, grit, and resilience. Students will receive "mini-lessons" on a variety of tactical and strategic principles and hone their skills via in-person games with their peers and instructor. Taught by *Steve Moctezuma*, Zuma Chess coach. Steve is a certified USCF tournament director, and has taught chess at Hillside and other schools for many years. He also directs the annual Zuma Chess Summer Camp.  
(Min 6, Max 14)

**Soccer:** Kids will learn different skill sets through mini-games, including passing, shooting, give-and-gos, etc and help get them get more comfortable using their non-dominant foot for those skill sets. Taught by Hillside's own, Mr. Solomon  
(Min 6, Max 12)

**Drone Coding:** Have you ever wanted to fly a drone? Well, we can do you one better. In this ALL NEW course, we will teach you to PROGRAM a drone to follow your every command. You will learn to code, using different methods from simple cue cards that the drone obeys, to programming complex missions, to creating code that makes the drone dance with you. Anyone can use a remote control to fly a drone; you will learn something that only a few people can do: how to program a drone using lines of code to make it obey your every command. Taught by Hobby Quest. (Min 8, Max 16)
